Starting his own company at the age of 17, Scheppmann's ingenuity and attention to detail has wielded a trustworthy industry leading company, combining the operational capability and strength of a large corporation with a small

company's commitment to quality service. APS treats all clients with the same level of professionalism and dedication no matter how large or small the request.

Because producing a quality product and service are top priorities, APS only partners with reputable companies that are leaders in their respective fields. APS employs only factory-trained technicians, who are specialists in the areas of gate automation, access control, video surveillance and parking control solutions. All APS projects are assigned an experienced project manager who oversees our installation team and follows through with the project from start to finish.

APS is an active and proud member of the following groups: Better Business Bureau, San Diego Chamber of Commerce, Building Owners & Managers Association, Southern California Builders Association, California Mobile home Park Managers Association and National Parking Association the Association of General Contractors.

## KCM Bat Co.

CLICK THE ABOVE LINK  
FOR DIRECT ACCESS TO  
THEIR WEBSITE.

Maple is the species preferred by most pro players. It features the ultimate surface hardness and provides an unmatched sound and feel at contact.

Naturally harder, maple offers added strength at impact. Closed grains eliminate flaking, commonly seen with ash, allowing superior durability against delamination. The balanced swing weight of the C271 – among the top three turning models ordered by the pros – maximizes bat control and a player's ability to get the barrel where it needs to be, when it needs to be there.

The maple KCM bats come in the popular model #'s C271, C243 and I13 models.

271 Turn

Barrel Diameter: 2 ½"

Taper: Long

Handle Thickness: 15/16"

The 271 turn feels very similar to the 110 turn, but it has a quicker taper between the barrel and handle. This turn model can comfortably be used by contact or power hitters and has a slightly end loaded swing weight.

I-13 Turn

Barrel Diameter: 2 ½"

Taper: Medium

Handle Thickness: 15/16"

The I-13 features very similar dimensions to the 271. The big difference between the I-13 and 271 models is that the taper of an I-13 turn bat is more extreme, so it will have more of an end loaded swing feel than the 271 turn. The I-13 is a popular choice among power hitters who are looking for more mass in the barrel.

243 Turn

Barrel Diameter: 2 ¾"

Taper: Medium

Handle Thickness: 15/16"

The 243 turn model features the largest barrel diameter and thinnest handle of the common turn models. It's a great model for a power hitter who's looking for that end loaded swing feel. This turn model may also be a little harder to control for someone new to wood bats, or a contact hitter.

**Weight Drop:** A weight drop is a figure you'll often see describing a bat's size. It refers to the difference between the length of the bat (in inches) and the weight of the bat (in ounces). ... For example, a baseball bat with a -11 weight drop would be a 29" bat that

weighed 18 ounces.

Available sizes:    25" drop -8 or -9    26" drop -8 or -9    27" drop -7 or -8  
                         28" drop -6 or -8    29" drop -6 or -8    30" drop -5 or -7    31" 32"  
                         33" 34" drop -3

### **My KIDS Dentist**

246 Town  
Center Pkwy  
Santee,  
California  
92071

Little mouths are a big deal™

Your children are special and that calls for exceptional care. Many children's first experience with a dentist happens at an office focused

on adult care. Dental care in this environment is often intimidating and frightening for kids. This first impression can create anxiety and avoidance of the dentist that will last a lifetime.

We designed "My Kid's Dentist" to make your child feel safe, calm and carefree. The "My Kid's" office has been created with your child in mind. From watching their favorite movie during treatment, to toys in the waiting room, we have strived to create an atmosphere that leaves a lasting, positive memory. We have handpicked a staff that is passionate about your child's comfort and care. Our supported dentists have been educated at premier pediatric dental establishments and have committed their careers to the treatment of children.

My Kid's offices treat your child from infancy through late adolescence, as well as those with special needs. For the comfort of your child the offices offer sedation dentistry, as well as General Anesthesia delivered by a Board Certified Anesthesiologist. This allows all treatment to be completed at one time with less stress on you and your child.

## Santee Family Dental Practice Michael Brown, D.D.S. Devani Brown, D.D.S. Monday thru Saturday Appointments

CLICK THE ABOVE LINK FOR DIRECT ACCESS TO THEIR WEBSITE.

We would like to take this opportunity to introduce ourselves and offer our services for your dental care needs. We are a family owned, husband and wife team located nest to the library in beautiful Santee. Dr. Michael Brown received his Doctor of Dental Surgery (D.D.S.) from the University of Southern California in Los Angeles. We have been providing dental care since 2002 As dentists, we feel very fortunate to have the opportunity to help our patients stay healthy. At our office you will experience all the hospitality expected of a small town practice along with the expertise that comes from years of experience and continuing education. Your comfort and care are our top priority. Our philosophy of care governs the treatment we offer. It consists of the following key elements:

We focus on providing a comfortable environment and gentle services at each visit.

We work with one patient at a time and do not double book. Your time is important to us and you will have our focused attention at each visit. We will be there for your family in a dental emergency and provide access to our doctors when you need them.

We provide convenient weekday and weekend appointment options. We make it our goal to help you retain your teeth in comfort, function, and beauty for a lifetime.

During your visit, we take the time to listen and give you the opportunity to tell us your goals and expectations. In addition to a complete assessment of your dental health, we preform an oral cancer check at each exam. At the conclusion of your visit, you will have a comprehensive treatment and maintenance plan based on your individual needs. We offer several payment options including acceptance of most insurances. Care Credit, and Major credit cards. Our insurance specialist will be happy to determine your coverage for services. It is our goal for your family to have healthy, beautiful smiles. We welcome the opportunity to care for you!

Sincerely,  
Drs. Michael & Devani Brown

Thank you for surfing the website of Santee Orthodontics, the office of Dr. Brock Goodman, DDS. We specialize in orthodontics, providing individualized, comprehensive treatment for patients of all ages. We want to give you a smile that you will love, and get you there with the most modern and efficient techniques. Our office is committed to providing you with the highest quality of care in a fun and efficient environment.

There has never been a better time to be an orthodontic patient. Things are improving in the field of orthodontics, and we are embracing those improvements. Orthodontics goes far beyond straightening teeth. We personalized your smile to be in balance with your face, lips, jaws, and other supporting structures. We take into consideration opening airways, reducing temporomandibular joint (TMJ) issues, assisting with speech therapy, and more.

A smile makes a big difference and our goal is to provide that smile that enhances the overall quality of the life for all of our patients.

Our diverse team of experts have backgrounds in a variety of industries –

public relations, marketing, journalism, politics, nonprofits, government, law and infrastructure development, to name a few – that help inform our approach to each project. We dedicate a specialized team to each client – including an executive-level team lead – to ensure every project receives our full attention. We match the right practitioners with the right project based on skills, background and client needs.

TC Construction  
Company, Inc., is a  
General Engineering  
Contractor based in San  
Diego, California. Since  
the inception of our  
Company, we have  
specialized in the  
conveyance and  
storage of water, waste  
water, sewage, and  
other by-products. Over  
the years, our strong  
foundation in  
underground work has  
allowed us to diversify

into many new areas, making us a premier contractor for turnkey  
managed projects.

The American Legion was chartered by Congress in 1919 as a  
patriotic veterans organization. Focusing on service to veterans,  
servicemembers and communities, the Legion evolved from a group  
of war-weary veterans of World War I into one of the most influential  
nonprofit groups in the United States. Membership swiftly grew to  
over 1 million, and local posts sprang up across the country. Today,  
membership stands at over 2 million in more than 13,000 posts  
worldwide. The posts are organized into 55 departments: one each  
for the 50 states, along with the District of Columbia, Puerto Rico,  
France, Mexico and the Philippines.

Volunteers are the lifeblood of the Madres.

During the 2017 season, Madres not only volunteered for Madre projects such as Craft Nights, Luncheons, and our annual Christmas Bazaar; Padre events such as the Annual Pre-season Fan Fest and "Shirts Off Their Backs";

but also Community events including KUSI's "Songs of the Holiday Season." Madres volunteered over 2000 hours in 2017!
